An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydro, gen. Sanctioned by the highest Medical Authorities both in Europe and the United States, and prescribed in their prestites.

The experience of thousands daily proves that no preparation of Iron can be compared with it Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions, indicate its necessity in almost every conceivable case.
Innoxious in all maladies in which it has been tried,

it has proved absolutely curative in each of the following complaints, viz:

In cases of General Debility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalida so long bal-ridded as to become forgotten in their own neighborhoods, have suddenly re appeared in the busy world as it just have suddenly re appeared in the busy world as if just returned from protracted travel in a distant land,— Some very signal instances of this kind are attested of female Sufferers, emaciated victims of apparent maras mus, sanguineous exhaustion, critical changes, and that emplication of nervous and syspeptic aversion to air and exercise for which theph-sician has no

In Nervous affections of all kinds, and for reasons fam liar to medical men, the operation of this prepara-tion of iron must necessarily be salutary, for, unlike the old oxides, it is vigorous y tonic, without being exci mg and overheating; and gently, regularly aperions even in the most obstinate cases of costiveness without ever being a gastric purgative, or indicating a disagree-

In Dyspepsia, innumerable as are its causes, a single bix of these Chalybeate Pills has often sufficient for the most habitual cases, including the habitual Costiveness. In unchecked Diarrhea, even when advanced to Dysentary, confirmed, emaciating, and apparently mainment, the effects have been equally decisive and actor is there.

In the local pains, loss of flesh and strength, debit taking cough, and remittant hectic, which generally indicans Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In scrotulous Tuberculos s. this medicated iron has had far more than the good effect of the most cautious had far more than the good effect of the most cautious had been approximated to the content of the con

ly balanced preparations of iodine, without any of their well known liabilities. The attention of females cannot be too confidently

invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been in-variably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and

THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered comething that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to his resistless sway. Bend the following:—

Bath, Maine, April 18 h 1859

Froi G. J. Wood & Co. Gents: The letter I wrote you are which you have jubilished in this vicinity and elsewhere, has given tise to numerous inquiries touching the facts in the case. The inquiries are, first, is it a fact of my habitation and name as stated in the communication; second, is it true of all therein contained; where, his given the lo limited and inquire vacuum the lacts in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stare of my life for forty years past, more soft thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New Eagland, sking me if my hair still continues to be good; as there is so much fraud in the manufacture and sail of various compounds as we'l as this, it has no doubt been basely imitated and been used, not only without any good but to absolve injury. I have not used any of your fectorarive of any account for some months, and yet my hair is as good as ever, and hundreds have extinined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact. I send you a lock of my lair, taken off the past week. I received your favor of two quart bottles test Summer for which I am very grateful: I gave it to my friends and thereby induced them to try it, many were skepticie in till after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover frau i in the Restorative sold by many. I fear without anthority from you. After using every kind of Restoratives extant, but without specess, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now candor and justice connect destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now cander and justice compel me to announce to whoever may read this, that I now possess a new and beautifut growth of hair, which I pronounce richer and handsomer than the original was. "July, 1860. Dr. Poland:—Mr. J. C. Butterfield, Jr.
who selfs your Medicine, has requested me to give a
brief statement of what your White Pihe Compound badone for me. I had been afflicted with the Kidney Complaint for a long time, and had a bad Cough of telyear's standing, which caused me to spit blood quite
irequently. No one of my acquaintances expected
that I should ever get my health again. But neo baties of your White Pine Compound have cured me of
both the Cough and the Ridney Complaint.

I would also state, that a lady, a neighbor of ourwas so badly afflicted with a cough, that she sat un onllong enough to have her bed made, and we all though
she was going in a quick consumption. She took onlone bottle of your Compound, and it circle her. She is
